

ACTIVE TRANSPORTATION ACADEMY

Thursday, June 27,
noon – 4 p.m.
Grand Lobby of the Dr. Martin
Luther King, Jr. Plaza
300 Martin Luther King Jr.
Drive, Toledo

Community Traffic Calming Programs | Complete Streets Implementation

Active transportation describes any self-propelled transportation: walking, cycling, use of wheelchairs or scooters, or roller blades. Cities, villages, and townships are working to encourage active transportation as part of a healthy, vibrant community, with safe options for all users.

Traffic calming involves techniques that slow vehicles and reduce the opportunities for crashes.

Complete streets defines how the public right-of-way accommodates all transportation system users of all ages and abilities.

TMACOG has a Complete Streets Policy which has been a model for the region. Read more about it on the TMACOG website at <https://bit.ly/2HC6Gjl>

Who Should Attend

Planners, engineers, elected officials, school administrators, disability advocacy groups, builders and developers, and others concerned with a safe, multimodal transportation system are invited to attend to learn and provide feedback.

Registration

Registration is required but there is no fee to attend. Contact hours are offered for certified planners (AICP). Registration is online: <https://cutt.ly/4yAqBd> or scan the code.

TMACOG hosts Active Transportation Academy sessions which are presented by the Ohio Department of Transportation Local Technical Assistance Program. For more information contact TMACOG Transportation Planner Lance Dasher: 419.241.9155 ext. 1115, or dasher@tmacog.org.
