Public Input Sought on Long Range Transportation Plan

The Toledo Metropolitan Area Council of Governments (TMACOG) is inviting interested citizens to participate in a review of our region's long range transportation plan.

"On the Move: 2007-2035 Transportation Plan" was completed in 2007 and now it is time to review it to see if the plan still meets the needs of the community. The plan applies to Lucas and Wood counties in Ohio and Bedford, Erie, and Whiteford townships in Michigan. Review what we've accomplished so far in building and fixing roads, bridges, bikeways, rail, public transit, and air transportation. Discuss what has changed in our region in the past two years, and suggest how the 2035 Plan needs to change.
