TMACOG Hosts Ottawa County Reception

Ottawa County members of the Toledo Metropolitan Area Council of Governments (TMACOG), and business and community leaders in the county are invited to a reception Thursday, October 14, 5-7 p.m., at the Ottawa National Wildlife Refuge in Oak Harbor. As part of the program, Mark Shieldcastle, research director for the Black Swamp Bird Observatory, will discuss regional bird migration and ecotourism in the western basin of Lake Erie and its watersheds.

TMACOG hosts receptions at counties throughout the TMACOG region each year. These events are informal occasions for TMACOG members and other local leaders to network with each other and with TMACOG staff. Primary areas of concern for TMACOG and its members are transportation planning for highways, rail, and bikes and pedestrians; and environmental planning for water quality and air quality.

People who want to attend are asked to RSVP by Friday October 8. Contact Greg Gettum at gettum@tmacog.org or 419.241.9155, ext 132. The Ottawa County reception is sponsored by Owens Community College and Genoa Bank
