TMACOG Tech: Agricultural Actions for Clean Water in the Western Lake Erie Basin

TMACOG Tech is a series of learning opportunities presented by the Toledo Metropolitan Area Council of Governments to develop the professional capacity of elected and appointed officials. The November 11 session is a joint presentation of TMACOG and the Southeast Michigan Council of Governments (SEMCOG).

TMACOG Tech / SEMCOG University

Agricultural Actions for Clean Water in the Western Lake Erie Basin

Wednesday, November 15, 2017, 12:30 p.m. - 4 p.m. at Monroe County Community College

Educators, interested citizens, water and agricultural researchers, and elected and appointed government officials are invited to attend this session looking at the current condition of Lake Erie water and how state and federal agencies are addressing challenges.

Keynote Presentation: Agriculture and the State of the Lake

- Christopher Winslow, Director, Ohio Sea Grant College Program

Panel: Edge of Field and Stream Monitoring – What Have We Learned about Phosphorus

- Dr. Elizabeth A. Dayton, Research Scientist, The Ohio State University
- Dr. Laura Johnson, Director of National Center for Water Quality Research, Heidelberg University

Panel: Agricultural Practices That Make a Difference

- Aaron Heilers, Ohio Farm Bureau, and project manager of the Blanchard River Demonstration Farm Network Project
- Laura Campbell, Manager of Ag Ecology Department, Michigan Farm Bureau

There is no charge to attend but registration is required. Please contact [Joy Minarcin](#) at 419.241.9155. This TMACOG Tech is made possible through the support of The Andersons and Southeast Michigan Council of Governments (SEMCOG)
