

## “On the Move: 2007–2035 Transportation Plan” — Identifying Needs & Opportunities\*

**Instructions:**

1. List transportation needs (*not projects or solutions*) that concern *you* directly – plus problems or opportunities that are concerns in our region.
2. “Rate” each item: 4 = Regional impact / Higher importance; 3 = Regional impact / Moderate importance;  
2 = Local impact / Higher importance; 1 = Local impact / Moderate importance.

Voting: Place dots in this column	Problem, Need or Opportunity	So what? (Impacts)	Rating
1	National Highway System Connectors	Impact on Economic Development Transport of Goods / Services	4
1	Increase Life Cycle of Pavements	Less Dependency on Petroleum Products	3.5
10	Expand Airport & make it multi modal hub	Economic Development	4
1	Mobility for Senior Citizens / Disabled & Captive Riders	Social / Quality of Life	3
1	Decrease Congestion Points at Interstates (Access Roads, Bridges, Etc.)	Decrease Travel Delay / Times Reduce Pollution Traffic Calming	3

\*Note: TMACOG is looking at transportation needs in fall 2005; developing solutions in 2006; and making recommendations in early 2007.
