

“On the Move: 2007–2035 Transportation Plan” — Identifying Needs & Opportunities*

Instructions:

1. List transportation needs (*not projects or solutions*) that concern *you* directly – plus problems or opportunities that are concerns in our region.
2. “Rate” each item: 4 = Regional impact / Higher importance; 3 = Regional impact / Moderate importance;
2 = Local impact / Higher importance; 1 = Local impact / Moderate importance.

Voting: Place dots in this column	Problem, Need or Opportunity	So what? (Impacts)	Rating
4	3 Additional Interchanges, Springfield Township, 20-A and North of Bowling Green	Better access, Enhances development, Mobility, Reduce congestion on mainline	4
6	Need More capacity on 23 / 475 and 75 from state line to North Baltimore	Reduces congestion & accidents, High crash rate	4
	Expand car pooling programs	Reduces congestion, saves fuel, helps air quality	3
2	Additional crossing of Maumee River	Existing at capacity when 280 is opened	3
1	People / Freight mover in BG /UT /MUO / OCC / LC	Connects technology centers, Job opportunities	

*Note: TMACOG is looking at transportation needs in fall 2005; developing solutions in 2006; and making recommendations in early 2007.

Table Leader: Dave Charville
