

## “On the Move: 2007–2035 Transportation Plan” — Identifying Needs & Opportunities\*

**Instructions:**

1. List transportation needs (*not projects or solutions*) that concern *you* directly – plus problems or opportunities that are concerns in our region.
2. “Rate” each item: 4 = Regional impact / Higher importance; 3 = Regional impact / Moderate importance;  
2 = Local impact / Higher importance; 1 = Local impact / Moderate importance.

Voting: Place dots in this column	Problem, Need or Opportunity	So what? (Impacts)	Rating
3	Congestion on Freeways	Delays Air Pollution	4
8	Rail Congestion at Vickers Rail-To-Rail Crossing	Regional Rail Delays & Grade Crossing Delays for Vehicular Traffic	4
2	No Public Transit in Wood County	Hampers Mobility in Wood County	3
6	US 20 in Wood County Needs additional capacity (Perrysburg to 420)	Safety concerns Delays	2
	Shallow River Channel in Maumee River	Hampers Port Operations due to tonnage restrictions	4

\*Note: TMACOG is looking at transportation needs in fall 2005; developing solutions in 2006; and making recommendations in early 2007.

Table Leader: Mike Stormer

Participants: Pat Bacon, Tim Rosenberger, Ken Gilsdorf, Diane Reamer-Evans
