

On the Move
Freight Goal Group
 January 2006

Goal Statement	Related objectives (<i>revised Jan 17, 2006</i>)
Be a world class multi-modal Freight transportation hub	1. Expansion and development of world class multi-modal facilities to support economic development
	2. Maximize/expand water shipping (expanded seaport and seaway facilities)
	3. Improve intermodal linkages, including maximizing connectivity of transportation modes to freight facilities (port, airport, etc.)
	4. Improve Canadian border crossing freight flow <ul style="list-style-type: none"> • New crossing south of Detroit (connectivity to our region's multi-modal infrastructure) • Add pre-crossing customs facility in Toledo area
	5. Highway capacity expanded, including improved system efficiency and safety (ITS), in order to improve freight movement
	6. Dream big: look at new innovative ways to transport goods
	7. Maximize freight rail assets (full capacity)
	8. Toledo Express Airport developed into a Foreign Trade Zone, serving as a multi-modal transportation/freight distribution hub
	9. Develop Transportation Opportunity Districts to take advantage of strategic locations on our air, water, rail and highway systems
