Prime Farmland Areas

Prime Farmland: Land that has the best combination of physical and chemical characteristics for producing crops — adjusted for residential, business, and industrial areas.

Prime Farmland data from 2006 for Lucas and Wood counties; 2014 for Monroe County.

Refer to Priority Projects List for project description.

2045 Plan Non-Motorized Projects
Non-Motorized Priority Project

Prime Farmland - Lucas, Monroe, and Wood Counties
