

2035 Regional Transportation Plan - Bicycle Network

Legend

2035 Plan Proposed Bike Projects

- Bike Path or Lane Projects
- Bike Corridor Projects

Bicycle Paths

- Existing Path
- Proposed Path
- Path Under Development

Streets with Bicycle Lanes

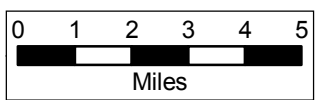

- Existing Lane

Other Bike Network Streets

- Network Street
- Network Street - Minor Improvements Needed*
- Network Street - Improvement Needed to Reduce Hazards**

Other

- Proposed Bike Facility - Type to be Determined***

* Minor improvements generally mean paved berms (preferred) or widened outside lanes (14 feet).

** Improvements to reduce hazards include adding bike lanes or paved berms on streets and bridges that are narrow and/or heavily traveled, plus minimizing hazards to cyclists caused by angled rail tracks.

*** Types of facilities include bike paths, bike lanes, paved berms and widened (14 feet) outside travel lanes.
