

Federal Grant Program Announcements by Deadline Date

FEMA FY16 Flood Mitigation Assistance Program – \$199 million—due June 15, 2016—FEMA has announced funding to implement and sustain cost-effective measures that reduce or eliminate risk of flood damage to buildings insured under the National Flood Insurance Program (NFIP). Properties included in a project sub-application for flood mitigation assistance funding must be NFIP-insured at the time of the application submittal and prior to the period of availability or application start date. Eligible entities are state, local, and tribal governments. For more information regarding this funding announcement - <http://www.grants.gov/web/grants/view-opportunity.html?oppld=281474>

CDC Building Resilience against Climate Effects: Enhancing Community Resilience by Implementing Health Adaptations Program – \$4.5 million—due June 20, 2016—CDC is making funding available to implement the Climate and Health Adaptation and Monitoring Program (CHAMP), which involves developing an Implementation and Monitoring Strategy (IMS) for interventions stated in climate adaptation plans. The IMS should utilize evidence-based public health interventions and incorporate monitoring and evaluation strategies and activities to achieve measurable health impacts and reduce the health burden of climate change. Expected program outcomes include increased community-level engagement in climate and health adaptation, as well as increasing resilience of public health systems and health infrastructure. Eligible entities are state and local governments. For more information - <http://www.grants.gov/web/grants/view-opportunity.html?oppld=283036>

2017 National Urban and Community Forestry Challenge Cost-Share Grant Program—due June 17, 2016—The U.S. Forest Service has announced the 2017 U.S. Forest Service National Urban and Community Forestry Challenge Cost-Share Grant Program Request for Pre-Proposals (RFP). The Request for Proposals addresses the following priority issues: Developing a National Urban Forestry Funding Assessment and Methodology and Understand Urban Forest Ecosystem/Ecological Services. More information can be found at the National Urban and Community Forest Advisory Council website - <http://www.fs.fed.us/ucf/nucfac.shtml>

FWS National Coastal Wetlands Conservation Grant Program – \$17 million – due June 29, 2016 – The U.S. Fish and Wildlife Service (FWS) announced funding to acquire, restore, and enhance wetlands in coastal states through competitive matching grants to state agencies. Ranking criteria for proposals include describing how the proposed project addresses climate change concerns, how it will be affected by climate change impacts, and references to any relevant plans and models. For more information - <http://www.grants.gov/web/grants/view-opportunity.html?oppld=281103>

Park Service Rivers, Trails, and Conservation Assistance program – due June 30, 2016 - Apply by June 30, 2016 to be considered for technical assistance in 2017 for your community-led conservation and outdoor recreation projects. Project ideas can include a bike path, a water trail, or a park. For application and additional information - <https://www.nps.gov/orgs/rtca/whatwedo.htm>

ATSDR Community Health Projects Related to Contamination at Brownfield/Land Reuse Sites—\$150,000—Application due July 5, 2016 - The Agency for Toxic Substances and Disease Registry (ATSDR) is funding these community health projects to ensure that public health is an integral part of the land reuse process. These projects will increase capacity to identify, address, and improve public health in redeveloping Brownfield/Land Reuse sites, ensuring that particular attention is paid to identifying and addressing health issues prior to redevelopment and assessing changes in community health associated with reuse plans and redevelopment.
