

Canoemobile

Watershed Festival

June 29, 11 a.m. - 3 p.m.
Broadway St. Boat Launch

Behind the Toledo Zoo parking lot on Broadway.

Funding is through the U.S. EPA Urban Waters program. TMACOG is coordinating Canoemobile programming with these generous community partners:

- Keep Toledo/Lucas County Beautiful
- Lucas Soil and Water Conservation District
- The Mannik & Smith Group
- Metroparks Toledo
- National Museum of the Great Lakes
- ODNR Scenic Rivers
- The Olander Park System
- Partners for Clean Streams
- City of Toledo

On land,

enjoy activity stations with art activities, public health information, educational booths from community partners, and food trucks.

On the water,

groups will explore the Maumee River from the big canoes of Wilderness Inquiry. They will provide expert paddlers and all safety gear for a fun, safe trip on the big river. Learn about local history, the ecology of northwest Ohio, wildlife on the river, and more.

Contact TMACOG Water Quality Planner Sara Guiher for details: guiher@tmacog.org, 419.241.9155.

Background on U.S. EPA Urban Waters Program

The Urban Waters program seeks to increase urban water quality and conservation by engaging urban communities to connect them to local water resources. The Western Lake Erie Basin is one of 19 Designated Urban Waters Locations in the U.S.
